Peek Inside the Book

He told me that in 1886 he had invented an original system of numbering and that in a very few days he had gone beyond the twenty-four-thousand mark. He had not written it down, since anything he thought of once would never be lost to him. His first stimulus was, I think, his discomfort at the fact that the famous thirty-three gauchos of Uruguayan...

Reader's Opinions

Borges miniature masterpieces reverberate with the vastness of his imagination, each short stories is a snapshot of both his endless erudition and vast imagination, as vast as the eternity which Jaromir is trapped in as he composes...
