

THE NATIVE TREES OF CANADA

A bold reinterpretation of a century-old book While shopping in the used-book store the Monkey's Paw in Toronto, Leanne Shapton happened upon a 1956 edition of the government reference book The Native Trees of Canada, originally published in 1917 by the Canadian Department of Northern Affairs and National Resources. Most people might simply view the book as a dry cataloging of a banal subject; Shapton, however, saw beauty in the technical details and was inspired to...

Reader's Opinions

The paintings in this book range from very abstract to recognizable (if not field guide worthy). The colors alone make it worth flipping through, and if you're lucky, you may discover that you like it for even more than that.

I want every page as a giant poster.
