

A LEGACY

The Kaiser's Germany is the setting of Sybille Bedford's first and best-known novel, in which two families -- one from solid, upholstered Jewish Berlin, the other from the somnolent, agrarian Catholic South -- become comically, tragically, irrevocably intertwined. "Each family," writes the author, "stood confident of being able to go on with what was theirs, while in fact they were playthings, often victims, of the now united Germany and what was brewing therein." Did the monstrous thing that followed have its foundation in families such...

Peek Inside the Book

What I learnt came to me . . . at second and at third hand, in chunks and puzzles, degrees and flashes.
Sybille Bedford, A Legacy //

Reader's Opinions

This read more like an outline of a novel than like a fully developed novel, but, still, I did find myself absorbed in the scenes and the world of pre World War I Germany Bedford describes here.

Sybille Bedford's first novel, very autobiographical with a stunning sense of place and of a time in Germany history now long gone. Bedford's prose as always is glorious. Read the full review here.
