

SINGULARITY

The third book in the epic saga of humankind's war of transcendence There is an unseen power in the universe—a terrible force that was dominating the galaxy tens of thousands of years before the warlike Sh'daar were even aware of the existence of Sol and its planets. As humankind approaches the Singularity, when transcendence will be achieved through technology, contact will be made. In the wake of the near destruction of the solar system, the political powers on Earth...

Reader's Opinions

While the first two books in this series were pretty standard fare for Mr. Douglas, this one went above and beyond, in my opinion. I enjoy military sci-fi, and Ian Douglas writes things that are good, though...

This is the third book in the Star Carriers series by Ian Douglas. In this one Admiral Koenig and his fleet continue to defy the Confederation government by taking the war to the...
