

CHARRIOTS OF THE GODS

Erich von Däniken's Chariots of the Gods is a significant cultural symptom. Not the 1st book claiming ancient Earth was visited by aliens, this bestseller was a marketing success, inspiring many equally uninformed books & films, including The Eyes of the Sphinx sequel. Here's where it began--his theories of early alien encounters based on his "studies" of ancient ruins, lost cities, potential spaceports & "facts" suggesting extraterrestrial interventions. He believes we're such...

Peek Inside the Book

Let us follow Ezekiel's eyewitness account a little further: Now as I beheld the living creatures, behold one wheel upon the earth by the living creatures, with his four faces. The appearance of the wheels and their work was like unto the color of a beryl: and they four had one likeness: and their appearance and their work...

Reader's Opinions

A great deal has been said about this book in the 84 years of its publishing history. Time has undone the author and the claims he made in this book which once set the cash registers ringing in bookshops across the World. An amalgamation of lies, half truths and hearsay all...
